

THE WHITE SCHOOL  
INTERNATIONAL  
From **HiLITE** Group

THE WHITE SCHOOL  
INTERNATIONAL

The White School International (TWSI) is a vibrant k-12 residential school set across 18 acres of lush tropical greenery in the foothills above the Chaliyar river in Calicut. Founded by HiLITE group Chairman Mr. P. Sulaiman with the vision of becoming one of the world's leading international schools, TWSI is an IB World School and the only IB Continuum School in Kerala, offering IB education from nursery through to the Diploma Programme.

The programmes at TWSI are designed to empower students through practical hands-on activity-based learning, focused individually on each student. Mentors work with each and every student to inspire their curiosity and develop skills, values, and achievements so that by the time they graduate they have confidence in who they are and what they have achieved and are ready to take these qualities out into the world with them.

Whether they are traveling to Cambridge on an academic exchange trip or to the field in science class to measure pH levels in local water sources, whether it's a primary year charity bake sale or a city-wide mini-marathon to benefit cancer victims, students at TWSI learn by doing and are given opportunities to learn more about the world by engaging with it.

# Our Motto: “In Pursuit of Excellence”

## VISION

To create a peaceful world through education, recognizing the responsibilities and shared guardianship of the planet and to be a premiere institution, encouraging students to become lifelong learners accepting others with their differences.

## MISSION

TWSI aims to facilitate holistic value based education, encouraging students to become inquiring, knowledgeable, caring and responsible global citizens who can create a better world through intercultural understanding and respect.

Passion

Truth

Knowledge

Valor

The White School International's hands-on learning environment fosters the attributes and learning outcomes described in the IB Learner profile. Each programme, activity, and class works to nurture and develop these qualities in our students to help them grow and develop to become confident and capable young men and women, ready to take on the world's biggest challenges.

## Curriculum

### Lower School EARLY YEARS PROGRAMME Ages 3 - 6

A child's earliest years set the stage for a lifetime, and the Early Years Programme (EYP) at TWSI provides a strong foundation for your child's social, academic, and emotional well-being. The curriculum developed in EYP helps young learners begin to understand and relate to the real world with confidence. Through hands-on activities and focused individual attention, the program stimulates curiosity, develops motor skills of the child, and initiates strength in daily routines.

We prioritize individual uniqueness and give children space to explore their learning in their own way, building on foundations of love, care and respect in a warm and welcoming environment.

THE WHITE SCHOOL  
INTERNATIONAL

# IB PRIMARY YEARS PROGRAMME

Ages 6 - 10

The Primary Years Programme (PYP) at The White School International supports a childhood driven by creativity and exploration. This is the stage where foundational thinking skills, numeric skills and literacy are formed as we encourage students to become inquirers and learn beyond the classroom. Children become caring, lifelong learners, and are taught to demonstrate respect for themselves as well as others.

The entire program is designed keeping the local, national and global perspective and works to develop social, intellectual and emotional skills by engaging them with relevant real world activities. Students are given opportunities to express, explore and initiate opinions on their own and take responsible action.

## The Middle School IB MIDDLE YEARS PROGRAMME Ages 11-16

The Middle Years Programme (MYP) at TWSI provides a methodical framework to prepare learners to face the challenges of the 21st century, and equips them with the skills and values they will require to grow personally and academically into well-rounded, confident young adults who are ready to engage with the world.

Children in the 11-16 year old age group are typically self-conscious and beginning to negotiate their own identity vis-a-vis their friends the world around them, they are looking for recognition and need to build their self-esteem.

It is a crucial age in a child's development - physically, intellectually, psychologically and the MYP at TWSI responds to the needs of adolescent learners as they seek to learn more about themselves, about the world, and about their place in it.

## MYP Subjects Offered

**Language Acquisition - Language and literature -  
Individuals and Societies, Sciences - Mathematics -  
Arts - Physical and Health Education - Design**

The focus of the curriculum is interdisciplinary, and students are guided to make connections between subject areas.

Learning in MYP is inquiry based, students are encouraged to ask questions about the world around them and this inquiry is structured around a Contextual Concept which leads from the local to National to International and global platforms. Global issues are made to be understood locally as well. Thus the teaching and learning is open to exploration in a way that makes its relevance clear to the learner.

The Middle Years Programme culminates in an independently-focused and guided personal project. The student produces a truly personal and creative piece of work in their chosen area that reflects his/her ability to express their understanding in a given subject in an original manner.

## The Upper School IB DIPLOMA PROGRAMME Ages 16 - 19

The IB Diploma Programme (DP) at The White School International renders a framework for academic rigor and innovation that encourages students to challenge themselves and to apply their broad range and depth of knowledge in the real world. It is highly regarded by leading colleges and universities worldwide for its challenging curriculum and for predicting student success in higher education. Our teachers inspire DP students to tap into their critical-thinking skills and personal passions to focus on one area for in-depth study - one child at a time, through personalized learning.

### The DP at TWSI is designed to:

Motivate students to explore the arts and creative thinking, physical activity, and community service through CAS (Creativity, Activity, and Service) requirements on a journey of self discovery.

Engage students in independent research through in-depth study and writing an extended essay.

Embrace the IB Learner Profile: TWSI students are knowledgeable, thinkers, communicators, principled, open-minded, caring, risk-takers, balanced, and reflective.

Empower students to be entrepreneurial innovators.

## Subjects Offered

## Career Counseling

We help students research careers online and through books. TWSI students have interned with Taj Hotels, DC Books, Al Salama Group of Institutions, HiLITE Group and other reputable firms. We assist in finding work experience and exposure through internship programmes.

The Edexcel curriculum is one of the most recognized curriculums around the world where the candidates are given the freedom to choose subjects that are right for them. Edexcel is recognized as a reliable record of attainment which counts towards entry to universities and colleges around the world.

- In India, Edexcel curriculum – IGCSE is accepted as equivalent to the 10th grade of other Indian boards and is an associate member of COBSE (Council of boards of School Education in India).
- GCE – ‘O’ level and GCE – ‘A’ level of Edexcel is recognized by AIU (All India Universities) as equivalent to +2 stage of an Indian Board giving access to the bachelor degree programs at all Indian Universities.

## FACILITIES

The state-of-the-art facilities at TWSI are designed to encourage the holistic development of every child. The extra-curricular activities promote purposeful learning that focuses on mind, body and soul. It draws out their innate abilities while molding their characters by fostering values of fellowship and fair play. At TWSI learning is interesting, exciting and fun.
